the lamb will have to get its wrath ready in a hurry.

ENERGY.

Have you ever stopped to figure out the difference between success and failure.

The difference may be expressed in the one word energy. Energy is that power which keeps one on the move and at his work until it is finished. Wherever it is lacking, there success is lacking. Energy is the key to success. Energy and persistency always win when given time. It is shovel,

UNIVERSITY MISSOURIAN not the man with talent, given to spasmodic attempts at success, who is the most successful.
